What a show!

Exhibitors and trade visitors, panelists and conference participants all agree: the 2024 edition of agrofood & plastprintpack Nigeria was a complete success, perhaps it's even been the best ever. And in any case, it was the largest yet.

And this is what all participants will remember:

- 144 world-class exhibitors from Belgium, Bulgaria, China, France, Germany, Ghana, India, Italy, the Netherlands, Nigeria, South Africa, Spain, Taiwan, Tunisia and Türkiye
- Active participation of key ministries from the new government, both at the Federal and Lagos State levels.
- Official national pavilions from China, Germany, Italy, the Netherlands, and South Africa.
- Top-level 3-day conference in a 180-seat conference room with 20+ sessions and 70+ speakers. The conference was sponsored by TECO Mills & Steel Works and VeriSafety.
- The 3rd Annual MFI Awards and the Millers for Nutrition Country Launch - powered by TechnoServe via a Bill & Melinda Gates Foundation sponsored initiative - the Millers for Nutrition Coalition - M4N.
- A Two-Day Executive Packaging Masterclass, organized by the Advanced Institute of Packaging Professionals Nigeria LTD/GTE.

agrofood Nigeria & plastprintpack 2024 honored by the attendance of Nigeria's former President Obasanjo

What an impressive performance! 87-year-old Chief Olusegun Obasanjo, one of Africa's most respected statesmen and former President of the Federal Republic of Nigeria, honoured agrofood & plastprintpack Nigeria 2024 with his presence and gave the opening speech, which attracted a great deal of attention from all participants and the Nigerian media.

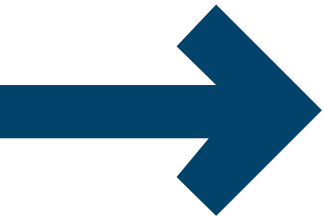

The 3rd Annual MFI Awards

26 March 2024: The 3rd Annual MFI Awards and the Millers for Nutrition Country Launch - powered by TechnoServe via a Bill & Melinda Gates Foundation sponsored initiative - the Millers for Nutrition Coalition - M4N. Representatives of several Nigerian ministers and members of the Dangote family & the Dangote Foundation personally presented the awards to the CEOs of the top 5 brands in the wheat flour, edible oil, and sugar industries - see more details here.
